### IV. Project Funding Query by Date

**Report Name:** SC\_PY\_FUND\_BYPROJ\_DATE

**Selection Criteria:** Project ID, Fiscal Year (required), PC Business Unit, and Purchasing End Date.

**Data:** Data is real time

**Description:** Use this query to identify all grant funding sources and end dates to help track expiring or inactive grants. **Be sure to focus on the following:**

- Employees whose job **does not auto end** because payroll will not be allowed to post to these combo codes after the project end date.
- Employees that **do have auto term, but the auto term date exceeds the funding end date** because payroll will not be allowed to post to these combo codes after the project end date.
- Pay close attention to pay group. For example, if you are running the query for 3/31/24 payroll and your project ended 3/15/24 payroll for an employee **paid on a lag** will post to this project because the earnings end date would be 3/15/24.
