The Opportunity

The University of South Carolina (USC) invites nominations, inquiries, and applications for the position of Dean, School of Medicine Columbia (SOMC). The university seeks an exceptional individual to provide leadership and direction for the School of Medicine as it continues to expand its footprint on the new Health Sciences Campus in Columbia, S.C. Reporting to the [Executive Vice President and Provost](#), the dean serves as the chief academic and administrative officer of the SOMC and is a key member of USC's academic leadership team. The dean is responsible for overseeing all aspects of the academic mission and for achieving the school's strategic priorities, enabling the school to fulfill its mission to serve the people of South Carolina and beyond, through exemplary biomedical education, transformative research, and compassionate care for all.

The Dean of the School of Medicine at the University of South Carolina is responsible for the executive administration of the school and provides visionary leadership in developing strategic initiatives to move the school forward by increasing enrollment, broadening the research profile of the school, promoting innovation, developing external partnerships, and cultivating relationships with donors. The dean will contribute to the development of the new health science campus in Columbia, working with the university executive team to develop long-term planning for the medical school and implementing initiatives to assist in achieving the goals of the university's strategic plan. The incoming dean also has the possibility of a clinical appointment in the Prisma Health Center.

Opportunities and Expectations

Academic leadership and strategic direction

— The dean will develop and execute the strategic vision for the medical school in alignment with the broader university mission. They will ensure curriculum excellence and innovation, integrate advancements in medical science and technology, and promote high standards in teaching, research, and clinical practice. They will foster strong interdisciplinary collaboration, oversee accreditation processes, improve academic programs through outcomes-based evaluation, and recruit and develop exceptional faculty.

Research advancement and scholarly excellence

— The dean will champion a culture of research, discovery, and innovation. They will promote and support research activity across the medical school, secure external funding through grants and philanthropy that supports faculty led research that advances the knowledge in fields from biomedical science to education, ensure compliance with research standards and ethics, and encourage the translation of scientific findings into clinical applications that enhance health outcomes.

Clinical affairs and health care delivery leadership

— The dean will oversee the clinical learning environment including clinical partnerships with hospitals and health care systems, ensuring the highest quality of patient care delivered by faculty and trainees. They will strengthen the integration of clinical practice, education, and research; enhance the robust intellectual infrastructure which includes the Brain

Health Center (spring 2026), South Carolina Center for Rural and Primary Health care, Center for Clinical and Translational Research, the Simulation and Interactive Learning Center, Clinical Skills Center, and numerous others, fostering interdisciplinarity and public engagement; address health care disparities; promote health equity; and work with clinical partners to ensure adequate training environments, resources, and patient-care opportunities.

Student experience, support, and academic success

— The dean will oversee recruitment, admissions, and retention of students while fostering an inclusive, supportive, and equitable learning environment. The dean will address student concerns, ensure academic and personal support systems, promote wellness and professional development, and uphold standards of academic integrity and conduct to prepare physicians and other graduate students to be intellectually strong, resilient, and globally ready for their chosen health care profession.

External relations and community engagement

— The dean will serve as the representative of the medical school to university leadership, alumni, health care partners, donors, policymakers, and the broader community. They will build strategic relationships, advocate for the school at multiple levels, and engage the community to advance health education and address public health needs. They will develop and enhance healthcare programs that benefit communities throughout South Carolina and beyond.

Personal Qualities and Professional Qualifications

Required Qualifications

- An M.D., M.D./Ph.D., D.O., D.O./Ph.D., or equivalent degree.
- Board Certification in the candidate's specialty/discipline.
- A minimum of seven years of progressive administrative leadership.
- A strong research portfolio.
- A scholarly record of research and peer-reviewed publications commensurate with appointment at the rank of full professor with tenure in an academic department.

Preferred Qualifications

- Experience with accreditation.
- Understanding of M.D. and other health care programs and translational research.
- Proven ability to communicate with varied stakeholders.
- Fundraising experience.
- Budgetary and operational experience.
- Demonstrated success managing complex academic portfolios and leading change with positive outcomes.

Construction on the new education, administration, and biomedical science research buildings began in the of Spring 2025 and the \$300 million project is expected to be completed in 2027. It will be a state-of-the-art learning environment designed for teaching the next generation of health care professionals and research scientists.

Vision, Values, and Strategic Priorities

Our Vision

We are a promise in practice, leading toward a healthier South Carolina and beyond.

Our Values:

Excellence, Professionalism, Collaboration, Compassion, Belonging

Strategic Priorities

The School of Medicine Columbia Strategic Plan (2023-26) focuses on four priorities that will enable us to fulfill our mission to serve the people of South Carolina and beyond through exemplary biomedical education, transformative research, and compassionate care for all.

Priority #1: Create a culture where every individual experiences a palpable sense of belonging, value, and respect, and is enabled to flourish.

Priority #2: Generate transformative educational experiences to prepare our learners to be leading health professionals and scientists.

Priority #3: Build an environment that leads to groundbreaking research, discovery, and innovation.

Priority #4: Lead the advancement of health equity in our communities and beyond by optimizing clinical partnerships and strategic alliances.

About Columbia, SC

In Columbia, energy and innovation collide in ways that make it a top-rated place to learn, work, live and play.

Columbia is nestled in the heart of South Carolina. The state's capital city, Columbia was founded in 1786. Not only is it home to the state's flagship university, it's the place to find the state's government, Fortune 500 companies, a thriving arts scene and more than 800,000 residents.

There's always something to enjoy. There are many popular events and festivals, explore a host of **things to do** any time of year or check out **Columbia business partners**. Breakfast, lunch or dinner, savor the **Columbia food scene** from slow-smoked barbecue joints to nationally lauded fine dining in every district of town. If your time allows, take a free tour of the **South Carolina State House** or explore Columbia's lively downtown areas using the easy, affordable **Soda Cap Connector**.

👤 Population:
City ~147,000; Metro ~857,000.

- 🏆 Recognition:**
- **Best Cities for Young Professionals** (*Forbes, Niche*)
 - **Top 100 Best Places to Live** (*Livability*)
 - **Top 10 Most Affordable Southern Cities for Renters** (*Zumper*)
 - **USC ranked a Top Public University and Top 1% globally in Sport Science**

🏠 Community: A historic and welcoming state-capital city with revitalized districts, emerging mixed-use areas, and a strong identity shaped by USC, state government, and a diverse regional economy.

🎭 Culture: Residents enjoy local festivals, arts venues, historic districts, theaters, live music, and a growing culinary scene.

🍴 Lifestyle: Columbia offers independent restaurants, local breweries, weekly markets, boutique shopping, and an expanding nightlife and coffeehouse culture.
