

Caroline Rudisill, MSc, PhD

Arnold School of Public Health
University of South Carolina

2 N Main St
Greenville, SC 29601
+1 864 766 2540
caroline.rudisill@sc.edu

ACADEMIC BACKGROUND

2009	London School of Economics & Political Science (LSE) Ph.D., Social Policy with concentration in Health Economics Fields of concentration: public health, behavioral economics	London, UK
2005	London School of Economics & Political Science MSc (with Distinction), International Health Policy (Health Economics)	London, UK
2003	Georgetown University B.A. (cum laude), Economics with minors in Spanish and History	Washington, DC
2001 – 02	London School of Economics & Political Science General Course – International History Department	London, UK

PROFESSIONAL EXPERIENCE

Jan 2025-	University of South Carolina, Arnold School of Public Health Professor, Department of Health Promotion, Education and Behavior	Greenville, SC
	<i>Additional appointment</i> Adjunct Professor, Department of Biomedical Sciences, University of South Carolina School of Medicine Greenville, Greenville, SC, from Spring 2018-	
	<i>Additional affiliation</i> Co-investigator, University of South Carolina Prevention Research Center	
Jan 2018-Dec 2024	University of South Carolina, Arnold School of Public Health Associate Professor (tenured), Department of Health Promotion, Education and Behavior	Greenville, SC
	<i>Additional appointment</i> Visiting Senior Research Fellow in the Health and Social Care Research Division, Faculty of Life Science and Medicine, King's College London, UK, from Spring 2015- Spring 2020	
Aug 2014-Dec 2017	London School of Economics & Political Science Associate Professor (tenured), Health Economics, Department of Health Policy	London, UK

- June 2010-Jul 2014 **London School of Economics & Political Science** London, UK
Lecturer then Assistant Professor*, Health Economics, Department of Social Policy
*The School moved from lecturer/senior lecturer/reader to an assistant professor/associate professor system over summer 2013
Major Review (tenure) passed in May 2013
- Sep 2008-May 2010 **London School of Economics & Political Science – 50%** London, UK
King's College London (KCL) – 50%
Lecturer in Health Economics, Department of Social Policy
Lecturer in Health Economics, Faculty of Life Science and Medicine
- Nov 2005 – **Independent consulting work** London, UK
Includes the European Commission, the Commonwealth Fund, pharmaceutical companies, the International Federation of Pharmaceutical Manufacturers and Associations (IFPMA), Kantar Health, McKinsey and Company
- July – Oct 2005 **McKinsey and Company** London, UK
Health care Practice Intern
Clients were National Health Service (NHS) and a private hospital corporation
- Feb – Sep 2004 **Analysis Group** Washington, DC
Research Analyst in economic consulting
- June – Oct 2003 **Goldman Sachs** New York, NY
Analyst on Commodities desk
- June – Aug 2001 **Bank of America** Charlotte, NC
June – Aug 2002 Middle East/Africa Summer Analyst
Bank of America Intern of the Year 2002

MANAGEMENT EXPERIENCE

At the University of South Carolina (2020-)

Director, Population Health Sciences Greenville, Arnold School of Public Health (November 2020-present)

Report to Dean of the ASPH and oversee our faculty and School's interests in Greenville, SC in collaborating with Prisma Health (largest health system in South Carolina)
Act as Research Director for the University of South Carolina with Prisma Health
Work with faculty to build research enterprise in Greenville, SC with Prisma Health
Represent ASPH in meetings with Prisma Health clinical and research leadership

At the London School of Economics & Political Science (2008-2017)

Program Director of the Executive MSc in Health Economics, Policy and Management (2011-2013), previously Deputy Director (2008-2011)

Started MSc in Health Economics, Policy and Management, one of the first executive MScs at the LSE
Hired two full time assistant professors in Fall 2011 because of MSc success

Was responsible for overall program performance including finances/budget, student satisfaction, teaching offerings/allocation and regulations
Started program with no administrative support from Sept 2008- Oct 2009
Introduced related short courses run through LSE Enterprise (LSE consulting arm)
Chair of the sub-board of examiners for MSc Health Economics, Policy and Management, 2011/12 (sabbatical cover)
Program Director of MSc in International Health Policy (Health Economics), 2011/12 (sabbatical cover)

AWARDS

Prisma Health Academic Partner Research Award for University of South Carolina, 2025
Brian Abel-Smith Award for Best MSc Dissertation in Health Economics, 2005

BOOK

Costa-Font, C. Hockley, T. and C. Rudisill. (2023). *Behavioural Incentive Design for Health Policy: Steering for Health*. Cambridge, UK: Cambridge University Press.

GRANTS (FUNDED)

Ongoing

Co-investigator (PI: Larson), Eunice Kennedy Shriver National Institute of Child Health and Human Development/National Institutes of Health (NIH) (R01HD116874), “Impact of combined nutrition, responsive parenting, and health intervention on childhood development (BUNDLE) study,” September 15, 2025– June 30, 2030, \$3,392,487 total including indirect costs (11% effort Y1, 8% effort Y2, 11% effort Y3, 6% effort Y4, 17% effort Y5)

Consultant (PIs: Trilk and Stoutenberg), National Heart, Lung and Blood Institute (NHLBI)/National Institutes of Health (NIH) (R01HL173601), “Facilitating Health System Implementation of Physical Activity Screening and Referral to Community-Based Programs: Exercise is Medicine Greenville,” May 1, 2025– April 30, 2030, \$3,235,390 total including indirect costs (3% effort Y1, 9% Y2-Y5)

Co-investigator (PI: Draper), South Carolina Center for Rural and Primary Healthcare/South Carolina Department of Health and Human Services, “South Carolina Food is Medicine Technical Assistance Collaborative,” January 1, 2025– December 31, 2026, \$267,539 (11% effort Y1-Y2)

Co-investigator (PI: Wilcox), Centers for Disease Control and Prevention (CDC) (U48DP00678), “The USC PRC: Community-Based Participatory Research to Study Church Implementation of an Evidence-Based Social Support Intervention to Increase Physical Activity among Older African American Adults,” September 30, 2024– September 29, 2029, \$4,992,232 total including indirect costs (13% effort Y1-Y5)

Co-investigator (PIs: Liese and Mendoza), National Institute of Diabetes and Digestive and Kidney Disease (NIDDK)/National Institutes of Health (NIH) (R01DK117461), “Impact of Disparities in Food Security on Glycemic Control and Health Care Utilization Among Youth and Young Adults with Diabetes,” April 2023 – March 2028, \$3,446,796 total including indirect costs (10% effort Y2, 1% effort Y3-Y5)

Co-investigator (PI: Turner-McGrievy), National Heart, Lung and Blood Institute (NHLBI)/National Institutes of Health (NIH) (R01HL163714), “Expanding the reach of the Nutritious Eating with Soul (NEW Soul) program: A Type 2 hybrid effectiveness-implementation trial,” April 2022 – March 2027, \$3,608,071, total including indirect costs (11% effort Y1-Y5)

Co-investigator (PI: Liese), Centers for Disease Control and Prevention (CDC) (U18DP006513), “Assessing the Burden of Diabetes By Type in Children, Adolescents and Young Adults, (DiCAYA): South Carolina Youth (Component A),” September 2020 – September 2025 (no cost extension until September 2026), \$1,249,801 (1% effort Y1, 5% Y2, 13% effort Y3, 7% effort Y4-Y5)

Completed

Principal Investigator, South Carolina Colorectal Cancer Prevention Network, “Return on Investment of Cancer Screening Navigation Program,” May 30, 2025 – November 30, 2025, \$33,228 (11% effort Y1)

Co-investigator (PI: Yang), Centers for Disease Control and Prevention (CDC) (3U48DP006401-04S6), “Evaluation of an outdoor mindful walking program for sustaining cognitive function in older African Americans at risk for Dementia, SIP22-006, Dementia Risk Reduction Research Network – Collaborating Centers,” September 2022 – September 2024 (no cost extension until September 2025), \$595,301 (10% effort)

Site Principal Investigator for University of South Carolina, The Duke Endowment, “Utilizing Prisma Health’s PLACES (Providing Linkages And Connections to External Social Support Services) Hub to Improve Health in Communities,” January 2023 – December 2025, \$520,000 total with no indirect costs as per foundation rules (site award of \$81,558) (10% effort Y1-Y2, in kind effort Y3)

Site Principal Investigator for University of South Carolina, The Duke Endowment, “Improving Health Outcomes through Community Collaborations to Address Food Access and Food Insecurity in a Large Healthcare System,” January 2020 – December 2024, \$498,000 total with no indirect costs as per foundation rules (site award of \$250,490.48) (12% effort Y1, 10% effort Y2-3, 22% effort Y4, 30% effort Y5)

Site Principal Investigator for University of South Carolina, BlueCross BlueShield of South Carolina Foundation, “MOMS in control of diabetes in pregnancy,” April 2024-September 2024, site award of \$8,139 (in kind effort)

Co-investigator (PI: Wilcox), Centers for Disease Control and Prevention (CDC) (U48DP006401), “USC Prevention Research Center (PRC) and Core Research Project: National Implementation Study of the Faith, Activity, and Nutrition (FAN) Program,” September 30, 2019– September 29, 2024, \$3,750,000 total including indirect costs (13% effort Y1-4, 16% effort Y5)

Principal Investigator, Social, Behavioral, and Economic COVID Coordinating Center at University of Michigan/ National Institute of Aging (NIA)/ National Institutes of Health (NIH) (U24AG076462), pilot grant, “Trust, health care utilization, personal finances and health literacy: a two-wave survey approach,” March 2023 – February 2024, \$29,963 (2% effort)

Co-investigator (PI: Ahuja), Viiv Healthcare, “Transportation Vulnerability as a Barrier for People Not Engaged in HIV Medical Care: Measuring the effect of Traditional Transportation Services versus “Lyft” Transportation on Retention in Care, Viral Suppression and Patient Satisfaction,” August 23, 2019 – January 24, 2024, \$237,500 including indirect costs (sub-award to Rudisill for \$33,524) (11% effort)

Co-investigator (PI: Draper), SC Research Foundation (SCRF)/BCBS Foundation of SC, “Food is Medicine SC Landscape Assessment and Evaluation Capacity Building,” June 2022 – November 2023, \$200,000 (10% effort)

Principal investigator, Prisma Health, “Using Data to Drive Implementation – Stakeholder Perspectives on Screening and Addressing Social Determinants of Health at Prisma Health,” May 2022 – July 2023, \$19,997 (in kind effort)

Co-investigator (PI: Liese), Prisma Health, “Using CGM technology to assess acute impact of food insufficiency and food insecurity on glycemic control in persons with youth-onset type 1 and type 2 diabetes,” May 2022 – April 2023, \$19,975 (in kind effort)

Principal investigator, Prisma Health, “Bringing together research and operational priorities- evaluation of technology and EMR-based strategy to screen for an intervene on Social Determinants of Health (SDoH)-related needs at Prisma Health (pilot study),” April 2021 – August 2022, \$19,872 (in kind effort)

Principal investigator, The University of South Carolina Big Data Health Science Center, “Evaluating a technology EMR-based strategy to intervene on social determinants of health-related needs in a large health system,” November 2020 – May 2022, \$34,846 (11% effort)

Co-investigator (PI: Turner-McGrievy), Supervisor for health economics, National Institutes of Health, NIH Supplement (3R01HL135220), “A Nutrition-Based Approach to Reduce Heart Disease Risk Among Overweight African Americans: Use of Soul Food Plant-Based or Omnivorous Diets to Address Cardiovascular Disease (Diversity Supplement: Dissemination and Implementation of Nutritious Eating with Soul for John Bernhart,” April 2020- April 2022, \$226,740 (in kind effort)

Co-investigator, Prisma Health, “A Data-Driven Model to Predict Demand for Inpatient COVID-19 Care in the Prisma Health System,” June 2020 – November 2020, \$14,303 (in kind effort)

Principal investigator, Univ of South Carolina COVID-19 Research Initiative, Office of the Vice President of Research, “International perspectives on COVID-19: personal experience, risk perceptions, optimism and vaccination intentions,” May 2020 – December 2020, \$17,812.00 (in kind effort)

Principal investigator, Prisma Health, “Does financially incentivizing physical exercise in physicians impact care quality indicators, patient experience, clinical productivity and provider wellbeing?,” May 2020 – March 2021, \$19,957 (in kind effort)

Principal investigator, Greenville Health System Diabetes Research Seed Grant (now Prisma Health), “Examining the factors that predict differences in costs among participants in the MyHealthFirstNetwork Medicare Shared Savings Program over 2015-2017,” April 2019 – March 2022, \$19,857 (in kind effort)

Principal investigator, Arnold School of Public Health Dean’s Office, “Medicare Shared Savings Cost Determinants Analysis for an Accountable Care Organization, 2015-2017,” Spring 2019 –December 2021, \$50,000 total with no indirects (11% effort)

Principal investigator, ASPIRE I, Office of the Vice President for Research, University of South Carolina, “The Clinical and Economic Impact of a Lifestyle Medicine-Based Wellness Program to Treat Severe Obesity,” January 2019 – September 2020, \$14,992 total with no indirects (in kind effort)

Co-investigator, Health economics lead, National Institutes of Health Research Health Services and Research Delivery programme (NIHR HS & RD), “Cost-effectiveness of different levels of uptake of bariatric surgery in a large population. Cohort study and Markov model,” October 2013 – September 2015, £352,603.70 (\$564,165.92)

Co-investigator, Health economics lead, National Institutes of Health Research Health Technology Assessment (NIHR HTA), “Enhanced Invitation Methods to Increase Uptake of NHS Health Checks. Randomised Controlled Trial,” May 2013 – September 2015, £380,037 (\$573,855.87)

Co-investigator, Health economics lead, NIHR HTA, “Can automated Diabetic Retinopathy Image Assessment softwares replace one or more steps of manual imaging grading and is this cost-effective for the English National Screening Programme?,” December 2012 – September 2015, £385,488 (\$624,490.56)

Co-investigator, Medical Research Council (MRC), “Translating lifestyle interventions for disease prevention into primary care: Modelling long-term changes in health outcomes and resource use,” April 2010-March 2013, £408,000 (\$616,080.00)

Principal investigator, Suntory and Toyota International Centres for Economics and Related Disciplines (STICERD) Research Grant, “Behavioral reactions to swine flu in the UK,” July-August 2009, £5,060 (\$8,298.40).

PhD scholarship from GalbraithWight, Ltd, 3 years’ research assistant salary and tuition, October 2005-September 2008

TEACHING EXPERIENCE

At the University of South Carolina

Undergraduate

Primary Thesis Advisor, Zaria Coachman (2019-2020) – The relationship between eye contact and patient satisfaction in primary care, conducted primary research at Palmetto Health-USC Family Medicine in Columbia, SC, Won Support for Minority Advancement in Research Training (SMART) and Magellan Guarantee Grants (Univ of SC)

Secondary Thesis Advisor, Tessa Ortiz (2020-2021)- Effects of pharmaceutical advertising on patient-physician interactions

Primary Thesis Advisor, Andrew Goldsmith (2020-2021)- Financing healthcare

Secondary Thesis Advisor, Isabella Ouyang (2023-2024)- The implications of over-the-counter dietary supplement marketing on health, consumerism, and environment

Secondary Thesis Advisor, Audrey Richards (2024-2025)- Case study on the intersection of housing, healthcare, financial and food insecurity

Member, BARSC Committee (Build Your Own Major SC) and Secondary Thesis Advisor, Audrey Richards (2023-2025), Food Policy and Research

Community Health Problems (2020-2023)

Graduate

Planning Health Promotion Programs (2018)

Behavioral Economics in Health (2019-present) – Online course developed for undergraduate and graduate students across University

Part of Health Resources and Services Administration (HRSA) Maternal Child Public Health Catalyst Program, Arnold School of Public Health (PI: Liu) with added maternal child health course content from 2022

MPH Practicum (about 1 student per year)

Independent Study courses on a variety of topics (about one per year) – analyzing survey data, behavioral economics

PhD students who have completed (role underlined)

Nisha Hazra (2018), King's College London – secondary supervisor, 'Epidemiological and health economic studies on ageing using electronic health records,' Associate at Analysis Group, London, UK

Kaitlyn Crosby (2019), Department of Health Services, Policy and Management – committee member, 'Clinically Integrated Networks: The 'Magic Pill' for Improving the Quality of Health Care?' (awarded SPARC Grant 2019)

Rebecca Hirschhorn (2020), Department of Exercise Science - committee member, Examination of 'Emergency Medical Services Activations for Sport-Related Injuries by Athletic Training Service Level,' Assistant Professor at Louisiana State University

Zehra Valencia (2021), Darla Moore School of Business, Department of Economics – committee member, 'Essays on Health and Crime,' Senior Researcher at Health Care Cost Institute

Melissa Fair (2022), Department of Health Promotion, Education and Behavior – committee member, 'Exploration of the role of neighborhood residential segregation by race and ethnicity in youth obesity risk among school aged youth'

Kelli Dubois (2022), Department of Health Promotion, Education and Behavior – committee member, 'Understanding treatment and self-management of patients with ulcerative colitis' (awarded SPARC Grant 2019 for research at Prisma Health)

Kara Davis (2023), Department of Health Promotion, Education and Behavior – committee member, Exploration of the Association between Obesogenic Environments and Childhood Overweight/Obesity Rates in Rural Counties in the United States

Deeksha Gupta (2024), Department of Health Promotion, Education and Behavior, primary supervisor, 'Essays on the impact of social determinants of health interventions on diabetes-related health outcomes and health service use'

Active PhD students (role underlined)

Sharon Jimerson, primary supervisor, Department of Health Promotion, Education and Behavior (Year 1)

Ghassan Mehmood - committee member, Department of Health Promotion, Education and Behavior (Year 3) ‘Evaluating the Impact of Social Insurance Programs in LMICs: The Case of Pakistan’s *Sehat Sahulat* Program’

Aimee Hourigan – primary supervisor, Department of Health Promotion, Education and Behavior (Year 3) ‘The Role of Belonging, Loneliness, College Enrollment, and Cannabis Use in Suicide Risk Among Young Adults’

Anna Chupak - primary supervisor, Department of Health Promotion, Education and Behavior (Year 4) ‘SuperAgers , Healthcare Utilization, and Health Status in Later Adulthood: Evidence from the 2022 HRS and SHARE’

Alexis Bell- committee member, Department of Health Promotion, Education and Behavior (Year 4) ‘Associations Between Healthy Eating, Physical Activity, and Stress Using Ecological Momentary Assessment Methodology’

Adebusola Ogunnaike- committee member, Department of Health Promotion, Education and Behavior (Year 4) ‘Tobacco Control Policy: Developing & assessing counter tobacco farming messages in Malawi and Zambia’

Fellowship students who have completed (role underlined)

Derek Collins, Developmental- Behavioral Pediatric Fellowship, Univ of SC School of Medicine – committee member, ‘Patient referral to behavioral therapy or sooner medication starts for the treatment of ADHD during the peak of the COVID-19 pandemic versus prior to the pandemic’

MSc students who have completed (role underlined)

Reid DeMass, Department of Epidemiology and Biostatistics – committee member, ‘Detecting Spatially Varying Coefficient Effects with Conditional Autoregressive (CAR) Models: A Simulation Study Using Social Determinants of Health Screening Data’

Award: Served as co-mentor on Univ of SC Big Data Health Science Center GIS Fellowship (awarded in 2022)

NIH Training grant

Mentor and member of Trainee selection committee, National Institutes of Health, National Institute for Allergy and Infectious Disease, ‘NIH T35 Big Data Health Science Scholar Program for Infectious Diseases,’ Predoctoral training program, September 2021 – August 2026

Mentor, Katie Bond, PhD student in Department of Physics, University of Denver, 2023-2024

At the London School of Economics & Political Science (2008-2017) unless otherwise specified

Graduate (both executive and non-executive)

Health Economics (2009-2010, 2014-2015), Financing Health Care (2009-2010), Cost-Effectiveness Analysis in Health Care (2007-2015), Resource Allocation and Cost-Effectiveness Analysis (2010-2015), Measuring Health System Performance (2011), Advanced Health Economics (2012)

Undergraduate

Health and Social Care Policy (2014/15)

Summer School

Health Policy, Management and Economics (2012)

Course coordinator

Health Administration and Management (2010, 2011), Cost-Effectiveness Analysis in Health Care (2011–2014), Resource Allocation and Cost-Effectiveness Analysis (2010-2015), Advanced Health Economics (2012), Dissertation in MSc HEPM (2010-2012)
Health Economics and Policy course at King’s College London (2008, 2009)
(part of MSc in Public Health/Master in Public Health (MPH) degree)

PhD students who have completed

Huseyin Naci (2014) –Evidence from network meta-analyses on statin prescribing, Associate Professor of Health Policy, LSE
Claudia Niza (2014)– Using incentives to motivate health-related behaviors, Researcher, NYU Abu Dhabi
Yang Wei (2013) – Medicine access in China, Associate Professor in Global Health and Public Policy and Director of Institute of Gerontology, King’s College London

MSc supervision experience

Tutor for MSc International Health Policy, MSc International Health Policy (Health Econ) and MSc Health Economics, Policy and Management students, supervise MSc dissertations for these MSc programs (15-25 students per year for 7 years) and MPH students at KCL (2008, 2009)

Undergraduate supervision experience

3 first year students per year (about 9 students total per school year) including senior project supervision

CITIZENSHIP AND SERVICE

At the University of South Carolina (2018-)

Member, Dean’s Faculty Advisory Committee, Arnold School of Public Health, 2026-
Member, Search Committee for Department Chair, Health Promotion, Education and Behavior, Arnold School of Public Health, 2024-2025, 2026-
Member, Arnold School of Public Health Research Advisory Council, 2024-
Chair, PhD Committee, Department of Health Promotion, Education and Behavior, Arnold School of Public Health, Fall 2024-
Member, Search Committee for SmartState Cancer Health Disparities Endowed Chair, University of South Carolina School of Medicine Greenville, 2023-2024
Member, Awards Committee, University of South Carolina School of Medicine Greenville, 2021-2023
Interim Chair (sabbatical cover), PhD Committee, Department of Health Promotion, Education and Behavior, Arnold School of Public Health, Spring 2024
Member, PhD Committee, Department of Health Promotion, Education and Behavior, Arnold School of Public Health, 2020-2023
Member, Research Strategic Planning Committee Working Group: Faculty Research and Assessment. University of South Carolina School of Medicine Greenville, 2021-2022
Member, Exercise is Medicine Greenville Research Steering Group, University of South Carolina School of Medicine Greenville, 2018-2019
Member, Scholarship and Awards Committee, Department of Health Promotion, Education and Behavior, Arnold School of Public Health, 2018-2020
Member, Search Committee for Dean, University of South Carolina School of Medicine Greenville, 2018-2019

At Prisma Health (2018-)

Research Director for University of South Carolina with Prisma Health, 2020-
Judge, Health Sciences Center Research Showcase, Prisma Health, 2022-

Member, Prisma Health Scientific Advisory Council, 2025-
Member, Health Sciences Center Research Showcase planning committee, Prisma Health, 2020-2024
Member, Research Directors Committee, Prisma Health, 2020-2024
Reviewer, Health Sciences Center Research Showcase abstract reviewer, Prisma Health, 2021-2023
Member, Diabetes Executive Steering Committee, Prisma Health, 2019-2021
Member, Enhancing the Practice of Medicine (EPM) Diversity, Equity, and Inclusion Committee, Prisma Health, 2018-2019
Member, Prisma Health and Well-Being Strategy Group, Research and Evaluation sub-group member and member of strategy group, Prisma Health, 2018-2019
Member Diabetes Metrics/Goals Work Stream Committee, Greenville Health System, 2018-2019
Member, Community Health Needs Assessment Project Instrument Selection and Data Collection Workstream, Prisma Health, 2018-2019
Member, Diabetes Research Work Stream Committee, Greenville Health System, 2018

At the London School of Economics & Political Science (2008-2017)

Member, Hiring committees for Departments of Social Policy and Management, 2012-2015
Member, Departmental Teaching Committee, 2015
Member, Health Teaching Cluster, 2008-2017
Departmental mentor for research staff, 2014-2015
Member, Assessment Misconduct Panels, 2009-2015
Member, Graduate Studies Sub-Committee, 2009-2015
Collaborator, The Centre for the Study of Incentives in Health (Wellcome Trust), 2010-2014
Member, The Executive MSc Working Group, 2010-2013
Admissions selector, MSc Health Economics, Policy and Management, 2009-2012

PROFESSIONAL ACTIVITIES

Member, South Carolina Food is Medicine Technical Assistance Collaborative Advisory Committee, 2025-

Contributing Expert, Impact of artificial intelligence on public health authorities' risk communication, community engagement, and infodemic management, World Health Organization (WHO), 2024

Member, Publications and Presentations Committee, CDC-funded network study 'Assessing the burden of diabetes in children, adolescents and young adults (DiCAYA), July 2022 -

Member, Data Quality Working Group, CDC-funded network study 'Assessing the burden of diabetes in children, adolescents and young adults (DiCAYA), December 2020 - June 2022

Faculty Member, World Congress on Interventional Therapies for Type 2 Diabetes (WCITD), in partnership with the American Diabetes Association, New York City, NY, April 8-10, 2019, Contributed health economic evidence and voted in Delphi process for Joint Consensus Statement on Metabolic Surgery for Type 2 Diabetes.

Health Economics Expert, Belgian Health Care Knowledge Center (KCE Belgium) (Health Technology Assessment body for the Belgian health system), Winter 2019, One of three international experts validating a health technology assessment report for Belgium's reimbursement decision-making process on bariatric surgery

Editorial Board, Journal of Health Systems and Reform, 2014-present

Health Economics Expert, Circular Economy and Health, WHO, 2018

Steering Committee Member and Health Economics Expert, Environmental Health and Economics Network, WHO, 2012-13

Member, WHO guideline development group for building national capacities to communicate health risks during emergencies with public health consequences, 2015-2017

External reviewer

Book proposal on health systems and policy-related book, *Cambridge University Press*, 2022

WHO report on Circular Economy and Health, Winter 2018, Fall 2018

WHO Framework Strategy on environmental health and economics including presentation at Expert Meeting, Autumn 2012

University of York, workbook redesign for 'The Economics of Health Care Systems', PG Diploma Programme in Health Economics, 2012

National Institute for Health and Clinical Excellence (NICE) guidelines, Autumn 2010-present

Research grants peer reviewer

Domestic

American Heart Association, Center for Clinical and Translational Research at the University of South Carolina Pilot and Developmental (P&D) Project program, ASPIRE I (Univ of South Carolina), Health Sciences Center Research Seed Grants (Prisma Health), Center for Clinical and Translational Research (CLINTRUSC) pilot and developmental research project program

International

Belgium - Research Foundation Flanders (FWO)

Singapore - National Health Research Council Singapore

United Kingdom - Diabetes UK, European Social Research Council (ESRC), Medical Research Council (MRC) Post-Doctoral Research Fellowships, National Institute for Health Research Health Technology Assessment (NIHR HTA) programme, National Institute for Health Research Health Services and Delivery Research (NIHR HS&DR) programme, National Institute for Health Research Health Programme Grants for Applied Research (NIHR PGfAR), National Institute for Health Research Research for Patient Benefit (NIHR RfPB)

Journal peer reviewer (last five years)

2025 - Health Policy, Medical Care, Nature Communications, Journal of Economic Behavior and Organization

2024 – Medical Care

2023 – JAMA Network Open, Health Affairs, Journal of Health Economics

2022 – Health Promotion International, Medical Care, Cambridge University Press

2021 – Occupational Health Science, Medical Care

Conference scientific committee review panel member

International Society of Pharmacoeconomic and Outcomes Research International Conference for Health Economics and Outcomes Research, 2019, 2022, 2023

Academy Health Annual Research Meeting, 2022

International Health Economics Association World Congress, 2017, 2019, 2021, 2023

2020 American Society of Health Economists (ASHEcon) Conference, 2020
European Conference on Health Economics, Zurich, Switzerland, 2012

Health economics consultant to the Research Design Service based at King's College London helping grant applicants develop the health economics portion of their applications, 2008-2010

PhD examiner, Internal, Department of Media and Communications, LSE, Jan 2012

INVITED LECTURES OR PEER-REVIEWED PRESENTATIONS (SINCE 2019)

(underlined student author, oral presentation unless otherwise specified)

- Rudisill, C., Chupak, A., Wilcox, A., Saunders, R.P. and A. Kaczynski.
